

TIG500PAC / DC

Updating

Features:

1. Multi-Functional: Pulse TIG, AC/DC and MMA Function.
2. With 2T/4T and Repeat Function.
3. Up Slope and Down Slope Function Adjustable.
4. Post Flow 0-10S adjustable.
5. Pulse Frequency and Pulse Width Adjustable.
6. Start Current, Base Current, Peak Current and Crater current Adjustable.
7. With Remote control Function.
8. Wide Range for Input Voltage: $380V \pm 15\%$.
9. Adopt Advanced Module IGBT Technology.

Applications:

- Aluminum Products
- Decoration
- Light & Medium Fabrication
- Pipes & High Pressure Vessels
- Construction

Specification:

V_{IN} AC380V±15% 3P	Input Frequency 50/60	A_{IN} TIG 29A MMA 22A	IP1 Input Power TIG 18.9KVA MMA 14.5KVA	V_o 70V	I₂ Current range 30-500A	DUTY CYCLE 60%	Arc-Initiating (TIG) H-F
η 85%	φ 0.93	IP Protection Class IP21	Weight 85kg (mm)	W_h 760×380×820 (mm)
