

TIG250A

C N-RYH-B05A-A0

Features :

1. Dual Function : TIG and MMA .
2. Arc-Force for Anti-Sticking.
3. Superior Performance and.
4. Wide Range for Input Voltage: 380V±15%.

* Input Voltage Optional : 1P 220V±15%.

Applications:

- Decoration
- Light & Medium Fabrication
- Pipes & High Pressure Vessels
- Construction
