

TIG200M

C N-RYH-C02M-A0

Features:

1. Multi-Functional: HF DC TIG & MMA.
2. 2T/4T Function.
3. Down-Slope: 0-5S Adjustable.
4. Pulse TIG Function with Frequency, Base and Peak Current Adjustable.
5. Digital Meter to Pre-Set and Display Welding Current.
6. Wide Range for Input Voltage: 220V \pm 15%.

Applications:

- Decoration
- Light & Medium Fabrication
- Pipes & High Pressure Vessels
- Construction
