

TIG400G

C N-RYH-B07G-A0

Features :

1. Dual Function : TIG and MMA.
2. Up Slope and Down Slope Function Adjustable.
3. Arc-Force for Anti-Sticking.
4. With Remote Control Function.
5. Superior Performance.
6. Wide Range for Input Voltage: 380V \pm 15%.
7. With Advanced Single IGBT Technology.

Applications:

- Decoration
- Light & Medium Fabrication
- Pipes & High Pressure Vessels
- Construction

Specification :

V_{IN} AC380V \pm 15% 3P	Input Frequency 50/60	A_{IN} TIG: 19. 9A MMA: 27. 5A	IP1 Input Power TIG 13. 1KVA MMA 18. 1KVA	V_o 60V	I₂ Current range 10-400A	DUTY CYCLE 60%	Arc-Initiating (TIG) H-F
η 85%	ϕ 0. 93	IP Protection Class IP21	Weight 33kg	Dimensions 515 \times 262 \times 468 (mm)			

Standard Accessories:
